

MARINE INFORMATION**NAVIGATION INFORMATION NETWORK (NAVINFONET)**

The National Imagery and Mapping Agency (NIMA) plans to discontinue the Navigation Information Network (NAVINFONET) Service on 15 December 2000. Established in 1985, NAVINFONET has served the maritime community by providing continuous worldwide direct modem connection and access to NIMA maritime safety information databases. In July 1999, as part of the development and transition to operations of the Navigation Safety System (NSS), the NIMA Marine Navigation Department Website (<http://pollux.nss.nima.mil>) became operational. All NIMA maritime safety information will continue to be made available via the NIMA Marine Navigation Department Website to serve our maritime customers worldwide and carry forth the legacy of NAVINFONET into the 21st century. Comments should be addressed to NAVINFONET@nima.mil or:

NEW EDITION OF LIST OF LIGHTS

Pub. 115, 2000 Edition, List of Lights, Radio Aids and Fog Signals for Norway, Iceland and Arctic Ocean, is ready for issue.

This edition contains information available to the National Imagery and Mapping Agency (NIMA) up to 26 August 2000, including Notice to Mariners No. 35 of 2000.

Corrections subsequent to the above effective date, up to and including Notice to Mariners No. 44 of 2000, are contained in Section II of this Notice.

In the interval between new editions, corrective information affecting this publication will be published in the Notice to Mariners and must be applied in order to keep this publication current.

Note: Copies of the above publication may be obtained from National Ocean Service Sales Agents.
